Areal Extent:

N/A

Potential Environmental Impacts:

N/A

Action Taken or Planned:

Most of the oil that came to surface was sprayed on the rig crew and the workover rig. Also the treater and the building has a light mist sprayed across it and the area outside the fence. The weeds will be mowed bagged and disposed of today. The treater and building will also be cleaned today. The oil was cleaned up that was around the wellhead on Friday and once the rig leaves location the contaminated soil around the wellhead will be removed and disposed of.

Wastes Disposal Location: As of right now IHD in Williston ND
